- Each player will have the opportunity to Accept or Decline her position on the team after tryouts are complete.
- A non-refundable deposit of \$500 is due upon accepting position on the team.

club SAV

OUR PHILOSOPHY:

PRACTICE v COMPETITION

At Club Savannah Volleyball, we believe that true mastery comes from focused practice, not just playing in games.

Think of it this way: Practice is for building skills, and competition is for using them.

Our practices are highly structured and organized to give players the maximum number of repetitions. This focused approach allows your child to build muscle memory, so skills become automatic. This is the only way to get better, faster, and more confident on the court. We create a safe environment where players can make mistakes and learn from them without the pressure of a game.

Games are exciting and fun, but they are not the best place to develop skills. The pressure to win can make players afraid to try new things, and there aren't enough opportunities to repeat a skill to build that muscle memory.

Our philosophy is simple: By dedicating most of our time to purposeful practice, our athletes develop a strong, fundamental foundation. This prepares them to perform their best in games and truly master the sport.

SELECT TEAM DETAILS

DESCRIPTION

Select Teams: High-Level Competition & School Success

Our Select program is designed for talented high school players who want to compete at a high level and strive to make a massive, ongoing impact on their school teams throughout their high school careers. For these athletes, volleyball is a primary passion, and they demonstrate a high dedication to training, skill development, and competitive play without the focus or pressure of college recruitment.

Players in this program will be challenged to excel through a rigorous, high-value training regimen featuring three practices per week—combining two team practices for strategic chemistry with one dedicated position practice to isolate and elevate individual skills. Our cost-effective tournament schedule is specifically curated to provide elite, high-level competition while actively respecting family time, ensuring no calendar conflicts with St. Patrick's Day, Spring Breaks, or Easter.

Concluding each season with a dynamic finale in May, our coaching staff is dedicated to creating a positive and supportive environment where athletes can truly thrive. We focus on fostering a strong, tight-knit community where like-minded peers can grow together year after year, build lasting friendships, and achieve their full potential on the court.

MIZUNO TEAM DETAILS

DESCRIPTION

Mizuno Program: College Prep & Premier Excellence

Now entering its second year, our Mizuno program is a premier college prep program dedicated to producing standout athletes. While the foundational idea and structure of this program were formed by Club Savannah, we want this program to be molded, shaped, and elevated by the players who live it and breathe it every single day.

Those who graduate and go on to compete at the collegiate level will leave their permanent mark on this club. As a Mizuno athlete, the program will reflect your player ownership, accountability, and leadership. Our players don't just follow standards - they actively strengthen the expectations of discipline, commitment, and accountability for the generations that follow them.

We are looking for exceptionally talented and committed players who aspire to reach the highest levels of the sport, with the ultimate goal of playing in college. Volleyball must be your primary extracurricular priority, requiring an unwavering, team-first dedication to training, practice, and competition. Because volleyball is a completely interdependent sport, our collective growth relies heavily on one another. We require every athlete to be present to drive competitive team training and uphold the ever-evolving foundation built by our program's athletes.

Our Program's Focus

Our rigorous training program is specifically designed to prepare athletes for the physical and mental demands of college volleyball. Our tournament schedule is highly competitive, strategically selected for maximum scouting exposure, and continually pushes players to execute at the next level. Attendance at these major showcase and qualifier events is mandatory and non-negotiable. Players will be challenged to reach their full potential under the guidance of experienced coaches who are committed to developing well-rounded athletes.

Additionally, we have a dedicated strength coach who designs and oversees a volleyball-specific strength training program. This program is tailored to each part of the season and can be personally modified based on individual needs. We'll test and monitor each player's strength progress, with specific benchmarks for everyone.

MIZUNO TEAM DETAILS

DESCRIPTION

All workouts will be supervised twice a week at the JEA, either before or after practice. Our goal is to create a one-stop shop for everything you need to succeed.

Expectations & Player Ownership

Discipline in technique, communication, emotional maturity, and club standards are the cornerstones of the Mizuno level. Because this program belongs to the athletes who drive it, players will be held to these boundaries first and foremost through a culture of peer accountability and personal pride.

To maintain this standard, our program relies on absolute transparency:

Attendance & Playing Time: Athletes commit to all scheduled training sessions and matches. Excused absences are strictly limited to documented mandatory school conflicts or medical illnesses accompanied by a doctor's note. Unexcused absences will directly impact tournament playing time.

Proactive Disclosure & Academic Passes: To protect team training cycles, families are required to disclose major academic periods, milestones, and social conflicts (such as AP testing, final exams, graduation ceremonies, and proms) proactively rather than reactively. Each player is allotted a set number of pre-planned Academic Passes per season. Exceeding scheduled disclosures or missing designated practice without a make-up session will require make-up practices before a player is eligible for tournament selection. (Updated to match the "Academic Pass/Make-up" rule mentioned to parents).

Growth Mindset: Roster dynamics, age groupings, division changes, and lineup configurations will adapt throughout the season to put the program and its athletes in the best position for collegiate exposure. Mizuno athletes are expected to approach adversity, feedback, and role shifts with a supportive, team-first attitude.
